

Strafford R-VI School District

Virtual Education

and

Launch Partnership

Parents and Students,

Missouri Course Access and Virtual School Program ([MOCAP](#)) was established in 2007 as the state's online school. It was previously known as Missouri Virtual Instruction Program (MOVIP). Local school districts and charter schools may use their own preferred online provider. The Strafford R-VI School District's preferred provider is Launch.

Launch's online courses are taught by highly qualified Missouri teachers and meet individual student needs, all while providing fresh options for families looking to expand their children's learning opportunities. Launch courses are designed by Missouri teachers and aligned to the state standards. A formal review process is built into all course development to ensure high quality and rigor. Students wishing to take advantage of online learning opportunities may start their enrollment process through their school building's main office.

Please contact your school counselor with questions about course offerings, virtual learning, and the enrollment process.

For further information, see board policy [IGCD](#).
